

The Lincolnshire Boulevard Tree and Plantings Renewal Project

Year One

Year 1

Spring—Partner with Public Works to remove dead and dying trees at entrance Island 1, west end Island 11.

Trim surviving locust trees. Soil amendment on boulevard islands.

Landscape plantings at Lincolnshire and Renwick entrance walls to match boulevard entrance Island1.

Fall—Install trees at entrance Island 1, west end Island 11.

Lincolnshire Homeowners Association will also include over time, and as the budget allows, right -of-way trees on the west end of Lincolnshire Boulevard as recommended by the City. The HOA will partner with Public Works and other resources.

Year 2

Spring: Partner with Public Works to remove dead and dying trees at east Island 2, west end Island 10 in preparation for Fall planting.

Year 3

East Island 3, west end Island 9

Year 4

East Island 4 west Island 8

Year 5

Islands 5, 6, 7

Median plantings accompany trees
